

Educational Licensing

Over 30 million users worldwide have cleaned their system with SUPERAntiSpyware!

SUPERAntiSpyware Professional can supplement your existing anti-spyware and/or anti-virus solution to provide an additional layer of protection without slowing down your system or conflicting in any way with existing solutions.

Proven. Effective. Light on Resources.

KEY FEATURES

- **Real-Time Blocking** of threats! Prevent potentially harmful software from installing or re-installing!
- **Detect and Remove** Spyware, Adware, Malware, Trojans, Dialers, Worms, KeyLoggers, HiJackers, Parasites, Rootkits, Rogue Security Products and many other types of threats.
- **Light on System Resources** and won't slow down your computer like many other anti-spyware products. Won't conflict with your existing anti-spyware or anti-virus solution!
- **Repair broken Internet Connections**, Desktops, Registry Editing and more with our unique Repair System!
- **First Chance Prevention** examines over 50 critical points of your system each time your system starts up and shuts down to eliminate threats before they have a chance to infect and infiltrate your system.
- **Schedule** either Quick, Complete or Custom Scans Daily or Weekly to ensure your computer is free from harmful software. Remove spyware automatically.

SUPERAntiSpyware Supports Academia

We are dedicated to helping academic and educational institutions and students protect themselves from the latest spyware and malware threats. All educational licenses are lifetime subscriptions which means you never pay yearly upgrade or renewal fees!

Support you Can Count On

SUPERAntiSpyware offers easy deployment options along with free technical support via phone and e-mail.

Remote Diagnostic Tools

SUPERAntiSpyware resources include remote diagnostic tools to help you locate even the most stubborn infections!

Protect Students and Teachers

The professional version protects students online allowing them to focus on academics instead of cleaning their system and dealing with infections after the fact. Reduce Help and IT desk calls!

- SUPERAntiSpyware Professional** - real-time protection, fast and effective scanning and removal, scheduled scanning, easy deployment and installation.
- SUPERAntiSpyware Student** - real-time protection, fast and effective scanning and removal, scheduled scanning, protects students online. No system slowdown.
- SUPERAntiSpyware Portable** - NO installation or uninstallation required. Same scanning engine as the Professional edition. Can be run from a USB drive or network share.

"In today's market, a single solution is not enough. SUPERAntiSpyware provides primary, secondary or tertiary anti-spyware protection without impacting system performance."

Easy Purchasing and Deployment

- ▶ **Never pay full price** - qualifying organizations and institutions never pay full price and receive the same world-class professional products, services and support.
- ▶ **All licenses are LIFETIME subscriptions** - you receive all updates and upgrades FREE OF CHARGE. There are absolutely NO renewal or upgrade fees.
- ▶ **Purchasing is EASY** - we accept purchase orders, credit cards and checks for convenience. We will work within YOUR budget and timeframe to ensure you receive the protection you need at a cost that fits your budget!
- ▶ **Quick and EASY Installation and Deployment** - our technical and support team will help you easily and quickly deploy the installation to supplement your existing security solution with no conflicts with existing solutions.
